

# HOW TO Get Crossing Guards at the Right Intersection

Parents from schools 2, 10, and 19 have told Healthi Kids that it is not safe for their kids to walk or bike to school because crossing guards are not in the right place.

The Rochester Police Department is hiring crossing guards for the 2015-2016 school year now!

Having more crossing guards at the right intersections near schools means safer routes for our kids

## HOW TO HELP

- ▶ Apply & share the job posting - applications must be at 261 Child St. by August 1st
- ▶ Tell us which intersection you think needs a crossing guard
